Rounds . . . . .	30
Reception . . . . .	80

## SPECIFICATIONS

Main Room Area . . . . .	3,330 sq. ft.
Dimensions . . . . .	45 ft. x 74 ft.
Ceiling Height . . . . .	20 ft.

The Redford Conference Center offers all the amenities and comforts desired by both meeting and social event planners. This environmentally friendly building provides nearly 3,500 square feet of meeting space. The dramatic conference hall can be broken into two smaller spaces for added flexibility. A downstairs conference room serves as a break-out and meeting space for smaller groups. A wraparound reception area that features a large fireplace, reclaimed wood finishes throughout, and sliding barn-style glass doors opening to a broad lawn make the Redford Conference Center a truly remarkable space.

## ENVIRONMENTAL FEATURES

- Geothermal heating and cooling
- LED and fluorescent lighting
- Carpet is Cradle-to-Cradle certified and 100% PVC free
- Wood finishes are reclaimed materials including barn wood, snow fence, and wood from dismantled corrals in Wyoming
- Hearthstone is a locally quarried piece of stone that required only two cuts for installation
